

GO TEAM GO GIVE

Combining the treasure hunt fun of Go Team with the joy of giving through B1G1.

How it works

B1G1, businesses for good, is a worldwide network which gives impacts to carefully selected projects around the globe. Using a tablet and the Go team app teams view

checkpoints to select a B1G1 giving project. The Go Team follow arrow guides teams to their chosen way point. On arrival participants work together to complete Gps-triggered challenges including questions, cryptic clues, photographic criteria and timed tasks Success leads to B1G1 impacts. They then move onto another destination & another challenge.

Learning outcomes

Prior to the event we assist you in selecting B1G1 projects for your team to give to and, based on your desired learning outcomes develop a trail and a series of challenges to suit your group. Applications for Go Team are boundless - employee engagement, staff training, product launches, marketing & promotions, orientations, or gathering feedback. See more of your conference location, explore specific learning outcomes, have fun & energise your team while impacting lives around the planet.
